The British National Formulary (BNF) is the first choice for concise medicines information. Trusted by health professionals across the world to support confident decision-making at the point of care.

The new edition (BNF 86) provides up-to-date guidance on prescribing, dispensing, and administering medicines, plus legal and professional guidelines.

Unique Benefits:

- Up-to-date information on prescribing, dispensing, and administering medicines.
- Authoritative, independent guidance on best practice enabling health professionals to select safe and effective medicines.
- Information health professionals trust for quality and reliability.
- Everything health professionals need at their fingertips, all in one book.
